Harvard Eleven Election Postponed

Football Captain For 1911 to be Chosen Soon After Reopening of College on January 3rd—Choice Lies Between R. T. Fisher and L. D. Smith.

Cambridge, Dec. 21.—On account of Head Coach Harry Huntington's deferred return from Europe and the departure from Cambridge of several of the varsity football players, who will not come back until after the Christmas recess, Harvard football officials have decided to postpone the election of a captain for next year's series until the week beginning January 1. A ten days' recess after the re-opening of college on January 3, the squad will assemble in the varsity club on Holyoke street, to elect a leader for the 1911 team.

The choice seems to lie between the two most American men, and L. D. Smith, a member of my sophomore class all-American end. These two boys were not only the steadiest and most reliable players on the team which completed its season, but appear to possess in the highest degree the qualifications of a leader. The former has been regular member of the team for two years, and has played consistently well, and has played every game. The latter also entered every contest last fall, was a regular member of the 1909 team, and at all times filled his position with credit.

WON RED LEAF HANDICAP.
Chester Krum Defeated Araxes in a Splendid Finish.

Cambridge, Dec. 21.—In one of the most exciting finishes of the season Chester Krum won the Red Leaf Handicap from Araxes at Emerson today. Smithwood ruled favorite for the event and made most of the early running. On the back stretch Callahan urged Chester Krum up and he assumed the lead. In the stretch Araxes headed him, but he outpaced the son of Blues in the final sixteenth.

Ad Wolcott Says He'll Fight the Devil If Purse is Large Enough.

Cambridge, Dec. 21.—When informed today of Willard Nelson's recent statement, Ad Wolcott issued the following reply:

"If there is any place that will give me a large enough purse to fight Nelson I will be only too glad to take him on. I am sure Nelson is risking a big sum when he says he will meet me on my own terms. Nelson at the present time is not worthy of me. He is down and out."

FINAL YALE-HARVARD GAME To Be Played Elsewhere Than in Boston.

New York, Dec. 21.—The Intercollegiate Hockey Association decided at a meeting tonight that the final game of the season between Yale and Harvard, scheduled to be held at Boston Jan. 12, should be held elsewhere in fairness to the Harvard students, who had the advantage of continued practice on the rink. The selection of another place was left to the principals, and New York probably will be chosen.

MARKET IRREGULAR.

Lehigh Valley Common Placed on 10 Per Cent. Basis.

New York, Dec. 21.—The course of today's stock market was governed largely by the movements of the Lehigh Valley and Reading directors. In the case of the former it had been generally believed that some action on the dividend would be taken, but much surprise was manifested when an announcement was made in the early afternoon that Lehigh common shares had been placed on a 10 per cent. basis. The news was followed by an advance of 10 cents, and the market moved up to its high price of the previous day. This was followed by profit taking in Lehigh Valley and other stocks, and the entire list reacted and relapsed into its dullness of the early session.

In the broad sense the market was mainly irregular. Business was in lighter volume than on the two preceding days, while the new issues showed less strength, numerous corrections from the high prices of yesterday being recorded. Apropos of the bond market, it is understood that the city is now negotiating with leading banking interests preliminary to the issuance of \$50,000,000 of municipal bonds early in the coming year. It is desired with some anxiety that the new issue will be on a 4 1/2 per cent. basis, one-quarter per cent. higher than the last issue, but there is reason to believe that the local authorities are opposed to this rate of interest, and the outcome will be watched with much interest. In any event it is practically a foregone conclusion that the next issue of city bonds will be taken, as several indications have already been organized to the end.

The day's news embraced a variety of events and incidents bearing favorably or otherwise on prices. The more acute situation between the western locomotive engineers and the three score railroads directly concerned was followed today by intimations that a compromise is likely to be effected soon. The annual report of the interstate commerce commission, which contained an urgent recommendation for the physical valuation of railroad properties by the government excited little attention.

In addition to the increased dividend on the Lehigh Valley other dividends in increases were announced by several industrial and financial corporations. Regular dividends were declared by a number of the Vanderbilt lines. Advances from Philadelphia that the Reading directors had made no change in the dividend rates were received here just before the close of the market. Final dividends were generally below the best of the day, and the tone at the close was unsustained.

The metal shares reflected lower prices for copper metal here and abroad.

The market for foreign exchange was weaker and local money conditions were easier. The weekly money movement of the local banks and institutions are likely to make a further increase in the cash holdings. London's operations here today were very light.

Interest rates of bonds, par value \$1,000, United States government bonds were unchanged.
